

Is your agreement process damaging the employee experience?

Spending more time on paperwork than people? Throughout the hire-to-retain process, the time spent managing paperwork can be significant, making it harder for HR to focus on hiring, retaining, and developing talent.

Reduce manual processes with the DocuSign Agreement Cloud

HR processes are outdated and inefficient.

62% of HR professionals agree that document management contributes to lost productivity and limits time available for strategic tasks.¹

Challenges exist in every stage of the agreement process.

Prepare

27% of new hire paperwork is manual, for example, making the first step in most employees' experience with a new company an analogue one.

Sign

41% of HR leaders spend more than 25 percent of their time chasing documents.³

Act

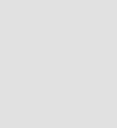

29% of HR professionals say that their inefficient agreement processes have led to them losing candidates.¹

Manage

58% of organisations have a lack of visibility into their agreements.

The costs are high for a manual system of agreement.

52% improvement in new-hire retention when a strong onboarding process is in place

1/3 candidates lost due to inefficient processes

\$36 cost per agreement

DocuSign can help.

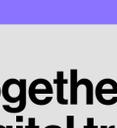

Top three benefits of modernising your system of agreement:

Speed up your onboarding process

Provide a better employee experience

Reduce the amount of work spent on paperwork
